Dear Dr. McAllister:

On behalf of The American Society for Cell Biology, I would like to thank The Council for Tobacco Research - U.S.A., Inc. for the unrestricted grant in the amount of \$1000 in support of our 1989 Summer Research Conference entitled, "Chromosome Structure and Segregation". Your support will enable us to maintain high conference standards and to provide a quality program.

The ASCB Summer Research Conferences continue to gain in popularity, and each year it becomes more difficult to choose from among the conference applications. Your contribution represents an important service to the research community and will be acknowledged on conference advertisements and announcements. We value your contribution and your interest.

Thank you again.

Sincerely,

Dorothea C. Wilson
